Family Profiles

MyFamily at LBNL

Welcome

The "**MyFamily at LBNL**" web portal provides a centralized location for parents and others to find information on services related to children, youth, elders, pets, and self-care.

This web portal is a collaborative effort between the Women Scientists and Engineers Council (WSEC) and the Diversity & Inclusion Office (DIO) to support friends and families at Lawrence Berkeley National Laboratory (LBNL).

The resources you will find here highlight services found at LBNL, as well as outside the laboratory. We do not recommend or endorse any particular resource on this portal; however, we do endorse the careful review and evaluation of services that best meet the needs of your family.

Highlight your family!

To Berkeley Lab employees: We would like to highlight you and your family (pets, kids, partners, grandparents, dependents, etc.) as part of our "family profiles" section on our website. To learn more, click the current profile on the bottom image of the left menu bar. If you would like to participate, please complete our [Google Form](#). Thank you!

Meet Cari Lewis and Her Family!
