

## TELEPHONE FEATURES

---

Six telephone models (ITE-4, ITE-12+, ITE-12S, ITE-24, ITE-30S, and STE) are in use at the Laboratory.

Some of the telephones have extra buttons that can be programmed to dial extensions or access features (e.g., forwarding calls, starting a conference, or using an intercom).

ITE-12+, ITE-12S, ITE-24 and ITE-30S have the following options buttons:

- Abbreviated Dial
- Auto Dial
- Call Park
- Call Pick Up
- Conference
- Intercom
- Voice Mail Transfer
