L. Greiner
S. Klein
L. Phair
B. Tussaint
F. Rosado
L. Wahl

Discussion on PPE

- Trying to get PPE more locally controlled

Work Planning & Controls

- Partially replacing JHA
- Focus on activities/activity lead
- Some concern that it may get too difficult
- Huge project...possible pilots in other divisions
- FAQ being put together

Work Alone Policy

- Documentation must be changed by February
- AHDS and other docs must be changed by September
- Is there a list of when WAP is implemented?
- Machine Shop, other High hazards should already be in place
- Anything that prevents self-rescue?

ISM Plan

- Undergrads not allowed to work alone?
 - This is a PH policy
 - Possibly not work in NSD
 - Eliminate this from NSD ISM Policy
- Any other blanket prohibition against working alone?
 - Machine Shop
 - High Voltage
- ISM principles move to front of document
- Worker Safety Responsibilities is a new paragraph
 - Refrain from work without proper authorization (JHA, Rad Training)
- No storing chemicals in offices!
- Safety briefings for meetings involving off-site attendees
- Appendixes removed
- See PI or Deputy Director for PID foe Ergo products
- Peer Review coming up in 2012
- Marty to make suggested changes and re-distribute for approval

Shielding Control Procedure

- Being developed/written
- Affects only 88 safety comm
- Maybe necessary to run it by NSD safety comm
- Division Directors approval necessary for any shielding work done at B88
- NSD Committee agrees to make it an agenda item as well
- Policy maybe looked at by NSD Committee at next meeting
