

Minutes of the NS Division ES&H Committee

September 15, 2010

Attendees: Paul Fallon, Brian Fujikawa, Larry Phair, Frank Rosado, Barbara Toussant, Linnea Wahl, Marty White

Ergo Self-Assessment

- Good response from employees
- Non-compliant employees, Guests targeted
- Few points below Lab average
- Many not using external keyboards, etc., with laptops
- 25% have experienced ergo pain in the past
- 5% experiencing pain NOW but have not requested help
- Committee to submit comments to Marty
- Some scientists reluctant to purchase furniture
- Furniture is now supplied when an employee moves offices

OJT Self-Assessment

- Do they do it?
- Do they document it?
- Is it effective?
- Scope is on nine locations in NSD
- Frank to help with interviews
- Maybe target someone who just submitted an AHD
- Is there a generic form for OJT on EHS site?
- Maybe do OJT during self-assessment?
- Matrixed employees will not be targeted (machine shop, electronic shop, etc.)
- Other areas in B88? K Area, Ion Source Area

Seismic Issues

- Cave 3 and 5
- Discussion of signage
- Include in OJT that these are restricted areas that require extra training

JHA Compliance

- 96% compliant
- Large number will expire on 9/18...Get the word out!
- Many non-compliant just need employee/supervisor signature
- Training compliance = 96%
- About equal with Lab standard

SAC Report (Fujikawa)

- Electrical AHD – New requirement

- No issues relevant to NSD

Other Issues

- Air monitoring to start in the Fall
- I-Yang Lee AHD
